# **WATER SERVICE, WATER MAIN CHECKLIST**

## **The following must be done before any water service or water main construction can begin!**

\_\_\_\_\_ 1. Submit permit application and site plans to the Water Department for review and approval. The Water Department will forward the application to the Town Manager/Board of Selectmen for final approval. Once the Board of Selectmen approves permit, all fees shall be paid to the Winchester Water Department. Construction will not be allowed to commence until permit fees have been paid.

\_\_\_\_\_ 2. Meet with Water Department personnel to discuss material specifications, set construction date and to review plans and proper installation procedures. This may be done in conjunction with item #1.

\_\_\_\_\_ 3. Obtain road-opening permits from appropriate agency. For Town owned roads applications/permits are obtained from the Winchester Highway Department; State roads will be from NH D.O.T.

\_\_\_\_\_ 4. Call Dig Safe to obtain a permit. Dig Safe's phone number is 1-888-344-7233. On the day that construction is to commence, your Dig Safe permit number must be presented to the Winchester Water Department.

\_\_\_\_\_ 5. Notify the Water Department a minimum of one week prior to the start of construction.

Water mains and water services will not be backfilled until inspected by the Winchester Water Department. It is highly recommended to make arrangements for inspections and backfilling prior to the beginning of construction. Failure to obtain an inspection may result in delays in charging the mains or services. Water services will be tested for leaks prior to backfilling. Water mains will be tested according to current regulations. All projects where a water main, or a water service over 2" in diameter, is installed an as built blueprint shall be submitted to the Winchester Water Department within 30 days of the charging of water lines.

The Winchester Water Department office hours are 8am – 12noon Monday through Friday. Our telephone number is 603-239-4951 ext 105.
