Subject: Selectboard meetings

Karey Miner, Town Administrator

Good evening, I am writing this email to request that a video feed of Town of Winchester Select board meetings continue.

My wife and I would very much like to attend these select board meetings in person however feel that it would be irresponsible and dangerous during the current Covid -19 pandemic . (my wife helps care for her 73 year old mother).

I understand that although encouraged neither the select board nor the public are required to wear face masks recommended by the CDC.

Therefore It would be beneficial if the town of Winchester could properly stream these meetings to safely inform its citizens with out the risk of jeopardizing their health and the health of their loved ones .

Thank you for your time and consideration

Geoffrey Phillips

45 Westport Village Road
Winchester NH 03471

Subject: Town Meetings

Hello,

The only way I am able to attend any town meetings is virtually. This is not okay not to stream them online. I've been a resident of the town for almost 11 years and this has been the only way for me to attend. Please stream the meetings. Since I've been watching, I've been able to also have my husband, sister, brother in law, mother, and father all aware of the town meetings and discussions so they know what is going on and voting about. My parents have lived in Winchester since 1997 and my sister and brother in law for just about 5 years. At least 6 of us are benefitting and using the virtual meetings to stay informed when there is no way of attending in person.

To: Karey Miner
Subject: To the Board of Selectmen

To the Board of Selectmen,

I am a concerned and active Winchester resident. It's important to me and my family to know what is going on in our town government. Unfortunately it's not possible for me to attend these meetings in-person every week because of work, family commitments and other responsibilities.

It has been informative and extremely convenient to have the live streams available to our community. With the live streaming I am able to watch at my convenience and rewatch if needed. It's a key component on how myself and many others stay up to date on what's going on. I know we would have a more active and involved community if this service continued. I truly appreciate having the ability to attend meetings virtually so I can be more involved with our town and the happenings.

I would also like to point out that the safety of our community should be a prime concern of yours as an elected official, and to keep our community safe we need to offer every possible service.

Thank you,
Kerstyn Hildreth

To: Karey Miner
Subject: filming board of selectmen meetings

I would like to see filming of selectmen's meetings to continue. I feel the only way there is transparency as to what our elected officials are or are not doing is through this method as of this time. Many people here cannot and will not risk their health by going where many people would gather. I know it was said that not many go anyway. I think because of some big decisions made, many of our voters question why were we kept in the dark. Before watching every week, I put a lot on Ben as to not letting us know what was going on but now I plainly see that is not all true.

Subject: Select Board Meeting

Dear Winchester Selectboard,

My name is Bridget E. Pearce. I live at 45 Forest Lake Cir, Winchester, NH 03470
I have been an active participant at various meetings over the years. I got extremely ill in 2017. Because of this I have not been able to be as active. However, this Pandemic taught me that I can participate NOW , in my town government because we have the ability to stream, IF the selectboard puts a little thought into it. The school board does it!

The fact is you, and I do not mean all of you, but the 3 of you who voted against this have effectively denied me my rights because the GOVERNMENT SAID IF I HAVE A COUGH or OTHER COVID Symptoms I am not allowed to attend.

I have a non-smoking lung disease. no doctor at this time will say that I am not Covid positive because false negatives happen. They will not say I am not contagious because I always produce green mucus which is the sign of an infection. They cannot be sure of anything except that I cannot be in public. My husband works from home.

What I want to know is WHY do you vote AGAINST my active participation?

By the way, I highly doubt that I am the only one with an illness that may or may not be covid on any given day.

I implore you to reconsider your vote and consider what the Americans with Disabilities Act states: Reasonable Accommodations. If our school board can do it, then our select board can too.

Respectfully submitted,
Bridget E. Pearce

Subject: Town Meetings

Dear Town Administrator,

As a resident and taxpayer of this town, I'm very disappointed that the selectboard has still not moved to streaming the town meetings online.

The least that our public officials could do is remain conscious of the safety of its residents, but unfortunately, our selectboard has proved itself not capable of even that.

Sincerely,
Andrei Banari.

We believe that transparency in our local government is essential to a well functioning community. I am not able to attend in person for the reason described below. Thank you for reconsidering this and serving our community.

Why can you not attend in person?:

- 1 - I don't feel safe
- 2 - I can understand what is being said a lot better on my computer. When I attended in person I find it hard to understand what is being said because it sounds muffled.
- 3 - listening from home does not mean that I am not participating.

Why can you not attend in person?:

I am pregnant and due in June as we all know it is much more serious if A pregnant women gets covid study's show we have a 70% higher risk of getting serious symptoms from covid.... I still want to know what's going on in my town where I pay taxes and own my home in the town where I plan to raise my son. I so appreciated even being able to watch the meetings to stay up to date in what's going on in town ect. I ask you kindly to please reconsider for those of us who cannot attend due to health reasons for our selves or others in our homes and lives. I appreciate your reconsideration on how to include all members of the community in these meetings because many of us where attending virutally via Facebook live and now we have no option to hear what it is going on in our town. Please don't fight against your community but work together to figure out how to include all of us..... Another benefit of the live/virtual meetings as well is that home bound folks can know what is going on in our community it's something that should be offered at all times not just during pandemic...so it is MORE important to have this option now. I thank you for keeping in mind ALL members of this community and how to involve us all in what goes in our town and to know what direction our town is headed.

Why can you not attend in person?:

At this time I cannot attend as I and my son have weakened immune systems as he is a cancer survivor and chemo for 3 years makes his immune system much weaker than most and then I have a mechanical heart valve making me more susceptible to being contagious.

Without covid I had not been attending due to having a child and my other half works an off shift so finding a sitter is not always easy. Having a way to still be home and safe and also know what is going on in my town has been wonderful and I hope this can be a form of communication this town will support and continue.

Why can you not attend in person?: I don't feel safe because so many of our select board refuse to wear masks- even when it was posted publicly that one had tested positive for COVID 19. In addition, the select board is not reinforcing the mask mandate by the governor for other community members in attendance.

There has been significant community spread. Yet our leaders are continuing to refuse to take advantage of technology and basic safety measures to include participation.

Chariman Kilanski and Selectboard members,

We the undersigned would like the Winchester Selectboard to provide another option to attend and participate in meetings other than in person. We believe that transparency in our local government is essential to a well functioning community. I am not able to attend in person for the reason described below. Thank you for reconsidering this and serving our community.

Why can you not attend in person?: I am the breadwinner of my family, and am concerned about the relaxed attitude towards COVID safety precautions. This pandemic has highlighted the general lack of accessibility in our society - but also the opportunities available to include everyone if you think a little creatively.

First Name: Jennifer

Last Name: Riedell

We believe that transparency in our local government is essential to a well functioning community. I am not able to attend in person for the reason described below. Thank you for reconsidering this and serving our community.

Why can you not attend in person?: I watch every week through the live stream because it is very hard for both parents to be out of the house at the same time. It is important to me to be able to stay informed on what is going on in town and without the live stream option, I would not be able to stay informed first hand.

Thank you for reconsidering this and serving our community.

Why can you not attend in person?: Currently with the world in the middle of a Pandemic, coming to meetings in person is not in the best interest of any of us especially when recommend guidelines are not being followed. It is so very important to have transparency and to do so there should be available options for us to be apart of these meetings. We are in 2021 and have so many resources at our fingertips to make that possible. The towns people have the right to observe what is going on as well as public comment. With the technology we currently have there is absolutely no reason to not use it. How can this town grow when it's goverening body refuses to look at the big picture and the greater good of the town. If our School Board can make it possible, our Select Board can too.

Why can you not attend in person?: If I HAD to, I would be there in person. However, I would prefer not to attend in person for the following reasons: Masks are not required and are not worn by all; I have elderly in-laws and do not want to inadvertently transmit the virus to them. I have viewed the live stream and appreciate being able to keep informed regarding town business. However, the most important reason to utilize ZOOM (or similar platforms) is to expand opportunities for meaningful participation in town government. It should be a goal to include as many people as possible...the elderly and infirm; single parents with young children; those who do not wish to drive in inclement weather, etc. The cost of ZOOM is minimal as to compared with the benefits derived,
